

Host A Work4Eli E-Waste Drive!

The **Work4Eli E-Waste Drive** allows individuals, non-profit organizations, and small businesses to host an event where members of the community can drop off their unwanted electronics for recycling.

HOSTING A WORK4ELI E-WASTE DRIVE

- 1** Set the date and duration of the drive — and reserve a supervised, accessible drop-off location.
- 2** Promote your drive! Spread the word through your organizations marketing channels (social media, email, website, printed flyers, etc.)
- 3** Collect and secure the e-waste and notify Work4Eli that your items are ready for pick-up ... **THAT'S IT!**

At the conclusion of your drive, our team will handle the collection, recycling, and secure destruction of personal data – all of which generates hours of meaningful employment for adults with disabilities.
